

ECOSYNN C2 0W30

30L

4 stroke motor oil

Fully synthetic

High performance fully synthetic oil developed for last generation passenger cars engines (particularly for **Peugeot, Citroën, TOYOTA, HONDA, NISSAN and SUBARU** engines), equipped with post treatment systems (particulate filters, 3-way-catalysts).

PERFORMANCE

SAE 0W30 | ACEA C2 | PSA B71 2312

«Mid-SAPS» oil

Limited sulphated ashes, sulphur and phosphorus content.
Preserves after treatment systems lifetime.

High detergent, dispersing anti-wear and anti-corrosion properties

Extends engine lifetime.

Low volatility

Very low oil consumption.

High thermal stability

Good protection at high temperature.

Low HTHS viscosity (high temperature and high shear)

Fuel savings easy startup even at cold temperature.

Technical data

Viscosity at 40°C (cSt): 55
Viscosity at 100°C (cSt): 10
Viscosity index: 170
Viscosity at -35°C (cP): < 6200
Density at 20°C: 0.845

The given data are typical data.
