

15W50 S

2L | 220L

4 stroke motor oil

Semi-synthetic

High performance engine oil formulated with synthetic base oil and **new generation additives**. It is developed for **petrol or diesel passenger cars**, turbo-charged or not, with or without catalytic converters.

Suitable for use all year round. Miscible with all standard engine oils.

ACEA A3/B3 | API SJ/CF
Performance level : VW 501.01 - 505.00 | MB 229.1

High viscosity grade

Good protection at high temperature and high speed
Oil consumption reduction
Engine wear prevented.

Oil meeting the latest requirements of car manufacturers

Technical data

Viscosity at 40°C (cSt) : 135
Viscosity at 100°C (cSt) : 18.5
Viscosity index : 154
Viscosity at - 20°C (cP) : 6500
Density at 20°C : 0.873

The given data are typical data.
