

TRAYEUSE

5L | 30L

Compressor oil

Minérale

This oil was especially developed to meet the requirements of the manufacturers of the **milking machines, compressors or vacuum pumps** used in agriculture and dairy.

PERFORMANCE

SAE 10W30

Antiwear and anticorrosion properties

Better protection of vacuum pumps.

Antifoaming additive

Cavitation problems in pumps avoided

Desemulsion properties

No "lubricating film" break by water.

High index of viscosity

Quickly starting at low temperature
Correct stability of the viscosity at high temperature.

Technical data

Viscosity at 40°C (cSt) : 72,8
Viscosity at 100°C (cSt) : 11.5
Viscosity Index : 152
Viscosity at -25°C (cP) : 4500
Density at 20°C : 0.863

The given data are typical data.
