

ACCOFLUID 100

30L | 220L

Hydraulic oil

Mineral

Mineral oil with antioxidant, antiwear and antifoam additives that can be used in all **hydraulic systems, stages and precision mechanisms** functioning at high temperature and high pressure when an "extreme pressure" oil is not required.

PERFORMANCE

AFNOR NF E 48603 : HM | ISO 3498 : VG 100 | DIN 51524-2 : HLP

Performance additifs

Oxydation resistance, protection against corrosion, demulsibility and resistance to foaming improved.

Antiwear properties

Long lasting use (3000 to 20000 h according to operation conditions).

Neutral towards elastomers used in industry

Compatible with silver-plate or bronze elements

Technical data

Viscosity at 40°C (cSt) : 100
Viscosity at 100°C (cSt) : 10,9
Viscosity index : 96
Density at 20°C : 0.890
Pour point (°C) : -20

The given data are typical data.
