

ACCOGRAISSE ACCOBISON

500ml

Grease

Grease for the lubrication of **gears, slides, racks** or lubrication of the **threading of forage tubes**.

This grease leaves an oily film that provides protection against oxidation and avoids squeaks.

PERFORMANCE

NLGI 2

Prevents moisture and forms a protective film

Long lasting lubrication.

Insoluble in water

Ensures a perfect impermeability

Technical data

Drop point (°C) : > 170

Penetration 60 shots at 25°C : 265/295

Shell 4 wear balls: < 0,5mm

Shell 4 welding balls: > 500kg

The given data are typical data.
