

ANTIGEL SANITAIRE

20L | 60L | 210L

Antifreeze

Accor sanitary antifreeze is a **protecting antifreeze at low temperature, non toxic and non corrosive.**

It is formulated to be used in **central heating systems and industrial refrigerator installations.**

No solvent

Neutral to joints and elastomer membranes

Antifreeze and anticorrosion properties

Technical data

Density : 1.050 (20°C) +/- 0.01

Colour : red

Boiling T° at atmospheric pressure (°C) : 197

pH in solution at 30% vol. : 7.7

Reserve alkalinity : 8

Flash point (°C) : 125

Foaming test (ml) : 9.8

Stability (s) : 4.5

The given data are typical data.
